Studies in Japanese Culture Joseph Roggendorf,1965

Studies in Japanese Culture Calvin L. French,1960

Studies in Japanese Culture 2 University of Michigan. Center for Japanese Studies,1969

Japanese Studies P. A. George,2010 Papers presented at the three day International Conference on Changing Global Profile of Japanese Studies : Trends and Prospects, held at New Delhi during 6-8 March 2009.

Understanding Japanese Society Joy Hendry,2003 As Japan enters the 21st century with a new emperor, this title continues to be an indispensable guide through often enigmatic and historical idiosyncrasies of Japanese culture and politics that are often confusing to the outsider. This title includes information on the latest social developments, customs, rituals, business culture, medicine and arts.

Studies in Japanese Culture. Edited by H. Roggendorf Joseph ROGGENDORF,1963

Japanese Culture and Communication Ray T. Donahue,1998 A textbook for students in Japanese, communication, or international studies, assuming no previous background in Japanese language or culture. Donahue (Japanese studies, Nagoya Gakuin U., Japan) first surveys the perceptual barriers to communicating between Japan and North America, then examines the Japanese communication style, differences in discourse, and images of the Japanese in the mass media. Annotation copyrighted by Book News, Inc., Portland, OR

Introducing Japanese Popular Culture Alisa Freedman,2023-04-18 Specifically designed for use in a range of undergraduate and graduate courses, while reaching specialists and general readers, this second edition of *Introducing Japanese Popular Culture* is a comprehensive textbook offering an up-to-date overview of a wide variety of media forms. It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production, as well as politics, society, and economics. As a result, more than being a time capsule of influential trends, this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it. With contributions from an international team of scholars, representing a range of disciplines from history and anthropology to art history and media studies, the book covers: Characters Television Videogames Fan media and technology Music Popular cinema Anime Manga Spectacles and

competitions Sites of popular culture Fashion Contemporary art. Written in an accessible style with ample description and analysis, this textbook is essential reading for students of Japanese culture and society, Asian media and popular culture, globalization, and Asian Studies in general. It is a go-to handbook for interested readers and a compendium for scholars.

Monumenta Nipponica ,2007 Includes section Reviews.

Othernesses of Japan Harumi Befu,Josef Kreiner,1992

Unwrapping Japan Eyal Ben-Ari,Brian Moeran,James Valentine,1990 Recent years have witnessed an explosive growth in the literature published about Japan. Yet it seems that the more that is written about Japan and Japanism - its culture, society, people - the more mysterious it becomes. As well as exploring issues relating to advertising, tourism, women, festivals and the art world, the book depicts how the study of Japanese society contributes to anthropological theory and understanding. The editors use the term 'unwrapping' to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in contemporary anthropological discourse. The issues explored include the contribution of applied anthropology to theory; the relationship between tourism and nostalgia; the interplay of marginality and belonging; the role of advertising in gender relations; status in the art world and the place of Japanese genres of writing within anthropology texts.

Language and Popular Culture in Japan Brian Moeran,2010-10-18 When this book was originally published it was the first work of its kind to examine the way in which language is used to express the 'myth' of advertising slogans and other popular cultural forms. By making use of general theories from the disciplines of anthropology, linguistics, media studies and semiotics, the book attempts to demystify Japanese culture as it has been hitherto presented in the West, and shows how such cultural forms as 'noodle westerns' and high-school baseball uphold the well-known ideologies of 'selflessness', 'diligence', 'compliance' and 'co-operation' typically associated with the Japanese. Ultimately, the book poses the question: are those whom we call the Japanese 'real' people in their own right, or merely a nation acting out a part written for them by Western civilisation?

Studies on Japanese Culture Wiesław Kotański,1973

Rethinking Japanese Studies Kaori Okano,Yoshio Sugimoto,2017-08-04 Japanese Studies has provided a fertile space for non-Eurocentric analysis for a number of reasons. It has been embroiled in the long-running internal debate over the so-called Nihonjinron, revolving around the extent to which the effective interpretation of Japanese society and culture requires non-Western, Japan-specific emic concepts and theories. This book takes this question further and explores how we can understand Japanese society and culture by combining Euro-American concepts and theories with those that originate in Japan. Because Japan is the only liberal democracy to have achieved a high level of capitalism outside the Western cultural framework, Japanese Studies has long provided a forum for deliberations about the extent to which the Western conception

of modernity is universally applicable. Furthermore, because of Japan's military, economic and cultural dominance in Asia at different points in the last century, Japanese Studies has had to deal with the issues of Japanocentrism as well as Eurocentrism, a duality requiring complex and nuanced analysis. This book identifies variations amongst Japanese Studies academic communities in the Asia-Pacific and examines the extent to which relatively autonomous scholarship, intellectual approach or theories exist in the region. It also evaluates how studies on Japan in the region contribute to global Japanese Studies and explores their potential for formulating concrete strategies to unsettle Eurocentric dominance of the discipline.

Routledge Handbook of Japanese Culture and Society Victoria Bestor, Theodore C. Bestor, Akiko

Yamagata, 2011-04-13 The Routledge Handbook of Japanese Culture and Society is an interdisciplinary resource that focuses on contemporary Japan and the social and cultural trends that are important at the beginning of the twenty-first century. This Handbook provides a cutting-edge and comprehensive survey of significant phenomena, institutions, and directions in Japan today, on issues ranging from gender and family, the environment, race and ethnicity, and urban life, to popular culture and electronic media. Written by an international team of Japan experts, the chapters included in the volume form an accessible and fascinating insight into Japanese culture and society. As such, the Handbook will be an invaluable reference tool for anyone interested in all things Japanese. Students, teachers and professionals alike will benefit from the broad ranging discussions, useful links to online resources and suggested reading lists. The Handbook will be of interest across a wide range of disciplines including Japanese Studies, Cultural Studies, Anthropology, Sociology and Asian Studies in general.

Monumenta Nipponica Jōchi Daigaku, Edmund Skrzypczak, 1968

License to Play Michal Daliot-Bul, 2014-10-31 Play is one of the most powerful cultural forces in contemporary Japan and in other late modern societies. In this notable contribution to our understanding of play, Michal Daliot-Bul explores the intricate and dynamic transformations of culture and play (asobi) in Japan. Along the way, she takes readers on a theoretically informed journey to better comprehend what makes play a significant cultural function, asking such questions as "How can we explain the dialectics between play as a biological instinct and play as a culturally specific activity? What defines the best player? How is creativity related to play? What is the difference between play and playfulness? Are some cultures more play-oriented than others, and if so, why?" Daliot-Bul argues that the cultural meaning of play and its influence on sociocultural life are not inherent properties of a fixed, universal behavior called play but rather are conditioned by changing cultural contexts and competing social ideologies. Spanning Japan's premodern period to the twenty-first century, the extent and expressions of play described in this book become thought-provoking lenses through which to view Japanese social dynamics and cultural complexities. As she approaches the post-industrialized 1970s in Japan, Daliot-Bul's narrative also explores urban consumer culture as a system for organizing daily life, the tension between institutional and contemporary popular cultures, the production of new gender identities, and the cultural construction of urban space.

License to Play is an insightful and engaging work that will appeal widely to scholars and students specializing in cultural studies, cultural anthropology, and Japanese studies. Given the global fascination with Japanese popular culture and with play-like pleasures in late consumer cultures, the book will also find a readership among those interested in Japan in general and the universal phenomenon of play.

The Routledge Companion to Gender and Japanese Culture Jennifer Coates, Lucy Fraser, Mark Pendleton, 2019-12-06 This Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan, using a range of international perspectives to examine private and public constructions of identity, as well as gender- and sexuality-inflected cultural production. The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship, providing a go-to reference work for contemporary scholarship on gender in Japanese culture. The volume is interdisciplinary in scope, with chapters drawing from a range of perspectives, fields, and disciplines, including anthropology, art history, history, law, linguistics, literature, media and cultural studies, politics, and sociology. This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume—gender and culture—and the ways in which these themes infuse a range of disciplines and subfields. In this volume, Jennifer Coates, Lucy Fraser, and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today—perfect for students, scholars, and anyone else interested in Japan, culture, gender studies, and beyond.

The SAGE Handbook of Modern Japanese Studies James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society. - Roger Goodman, Nissan Professor of Modern Japanese Society, University of Oxford I know no better book for an accessible and up-to-date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies. - Hiroko Takeda, Associate Professor, Organization for Global Japanese Studies, University of Tokyo Pioneering and nuanced in analysis, yet highly accessible and engaging in style. - Yoshio Sugimoto, Emeritus Professor, La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe. This volume is designed to serve as a major interdisciplinary reference work and a seminal text, both rigorous and accessible, to assist students and scholars in understanding one of the major nations of the world. James D. Babb is a Senior Lecturer in the School of Geography, Politics and Sociology at Newcastle University.

New Frontiers in Japanese Studies Akihiro Ogawa, Philip Seaton, 2020-04-02 Over the last 70 years, Japanese Studies scholarship has gone through several dominant paradigms, from 'demystifying the Japanese', to analysis of Japanese economic strength, to discussion of global interest in Japanese popular culture. This book assesses this literature, considering future directions for research into the 2020s and beyond. Shifting the geographical emphasis of Japanese Studies away from the West to the Asia-Pacific region, this book identifies topic areas in which research focusing on Japan will play

an important role in global debates in the coming years. This includes the evolution of area studies, coping with aging populations, the various patterns of migration and environmental breakdown. With chapters from an international team of contributors, including significant representation from the Asia-Pacific region, this book enacts Yoshio Sugimoto's notion of 'cosmopolitan methodology' to discuss Japan in an interdisciplinary and transnational context and provides overviews of how Japanese Studies is evolving in other Asian countries such as China and Indonesia. *New Frontiers in Japanese Studies* is a thought-provoking volume and will be of great interest to students and scholars of Japanese and Asian Studies. The Introduction and Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.
