Top Gear's Midlife Crisis Cars Matt Master,2012-05-31 Following up on Crap Cars and My Dad Had One of Those, Top Gear celebrates the midlife crisis with the definitive collection of the flashiest, fastest, most impractical cars ever to be found in the driveways of otherwise perfectly sensible men. Drawing on the high level of expertise in this area, Top Gear explores

the phenomenon of motoring and the midlife crisis, identifying over 50 classics of the genre across four desperate decades. From Ford Capri to Ferrari Testarossa, it celebrates the flashiest, fastest and most ridiculous attempts to cover a bald spot, meanwhile offering a profound insight into the complex psychology of a middle-aged man and his quest for eternal youth. Top Gear's Midlife Crisis Cars both rejoices and recoils at the time-honoured tradition of flushing the children's inheritance on something you're too arthritic to get into in the first place.

Off-Road with Clarkson, Hammond and May Phillipa Sage, 2021-05-13 'Amazing adventures. Apparently I was there.' Richard Hammond For over 12 years Phillipa Sage worked alongside Jeremy Clarkson, Richard Hammond and James May as their PA, gofer, and fixer where she saw the boys at their best and, hilariously, at their worst. A closet petrol head, Phillipa started working in the motor industry on live events over 20 years ago and first worked with Jeremy Clarkson in 1997. She proved to be a loyal, trusted friend and colleague to all the presenters—from back in the beginning with Tiff Needell, Vicki Butler-Henderson and Quentin Wilson—to the now infamous trio of Clarkson, Hammond and May, and was a key member of what became known as 'The Bubble', the exclusive, dysfunctional working family that toured the world. With an enormous budget, they travelled like rock stars—with super cars, yachts, private jets, helicopters, and five-star wining and dining—taking their unique brand of motoring madness to 18 countries, 31 cities and to over 2 million fans in arenas and at festivals from New Zealand to Norway. Supported by a large crew and their personal entourage, Clarkson, Hammond and May, when not performing in their extraordinary, high octane, live action, motoring theatre, indulged in extravagant holidays. They and their 'Bubble' family relaxed in luxury resorts or private houses entertaining themselves with pool parties, drinking, heli-sightseeing, drinking, private motorboat cruises, drinking, jet skiing, sailing, drinking and eating, and drinking. In *Off-Road with Clarkson, Hammond & May*, Phillipa shares the tour highs, lows and laughter of three clever, funny, and very stupid motoring journalists.

And On That Bombshell Richard Porter, 2015-10-22 I was Top Gear's script editor for 13 years and all 22 series. I basically used to check spelling and think of stupid gags about The Stig. I also got to hang around with Jeremy Clarkson,

Richard Hammond and James May. It didn't feel like something you should get paid for. From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015, working on Top Gear was quite a rollercoaster ride. We crossed continents, we made space ships, we bobbed across the world's busiest shipping lane in a pick-up truck. We also got chased by an angry mob, repeatedly sparked fury in newspapers, and almost killed one of our presenters. I realised that I had quite a few stories to tell from behind the scenes on the show. I remembered whose daft idea it was to get a dog. I recalled the willfully stupid way in which we decorated our horrible office. I had a sudden flashback to the time a Bolivian drug lord threatened to kill us. I decided I should write down some of these stories. So I have. I hope you like them. And now, a quote from James May: 'Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear. But this is a ridiculous request. How can one write a quote? Surely, by definition, a quote must be extracted from a greater body of writing, for the purpose of illustrating or supporting a point in an unrelated work. I cannot write a quote any more than I could film an out-take. 'Porter, like Athens, has lost his marbles.'

The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... In The World Martin Roach, 2011-02-07 From humble beginnings as a 1970s motoring show, Top Gear has gone on to achieve diesel-powered world domination. After Clarkson and producer Andy Wilman successfully pitched a new format to BBC bosses, Top Gear returned to become the irreverent, funny and often controversial show we now know and love. The Star in a Reasonably Priced Car, the Cool Wall and Power Laps by the mysterious Stig have all become staples of Britain's favourite Sunday evening entertainment. Recent series have been defined by their madcap challenges such as driving across Africa in clapped-out bangers - with predictably hilarious results. However, the show's most shocking moment came in 2006, when Hammond suffered serious head injuries while driving a Vampire turbojet drag racing car at over 300mph. Clarkson, Hammond and May; they are the politically-incorrect-joking, stone-washed-denim-wearing, bloke-hero trio for the modern(ish) age. This brilliant, detailed book is fitting tribute to the show, its presenters and its most memorable moments.

The Big Book of Top Gear 2009 BBC Books, Richard Porter, 2008 RHYMES & CHIMES FROM MOTHER GOOSE was published originally between 1863 and 1870 by McLoughlin Brothers, New York, New York.

The Big Book of Top Gear 2010 Richard Porter, 2009 Featuring all the best bits from the 2009 annual plus tonnes of new features, this one will be a powerful force to match that of the TV show.

Car Science Richard Hammond, 2008-09-01 Top Gear's Richard Hammond is in the driving seat for this turbo-charged tour through the nuts and bolts of car technology. Underneath the hood of every car there's a lot of fast, furious, and spectacular science going on. G-force, combustion, power: you name it, a car's got it. Help your child discover all about the science of cars with this explosive tour of automobiles in Car Science. Find out how cars revolutionized the world and see how a car functions with jaw-dropping diagrams, cutaway drawings and cool graphics. Steer to the fundamental science

behind the mechanics and then sit back for an exciting look into the future of minimal emissions, maximum fun.

Don't Stop Me Now Jeremy Clarkson,2008-10-02 Jeremy Clarkson puts the pedal to the floor in Don't Stop Me Now; a collection of his Sunday Times motoring journalism. There's more to life than cars. Jeremy Clarkson knows this. There is, after all, a whole world out there just waiting to be discovered. So, before he gets on to torque steer and active suspension, he takes time out to consider: • The madness of Galapagos tortoises • The similarities between Jeremy Paxman and AC/DC's bass guitarist • The problems and perils of being English • God's dumbest creation Then there are the cars: whether it's the poxiest little runabout or an exotic, firebreathing supercar, no one does cars like Clarkson. Unmoved by mechanics' claims and unimpressed by press junkets, he approaches anything on four wheels without fear or favour. What emerges from the ashes is rarely pretty. But always very, very funny. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear.

The Big Book of Top Gear 2011 BBC Books,Richard Porter,2010 There'll be something to satisfy every Top Gear fan in The Big Book of Top Gear 2011, which will be overflowing with comedy gags, geeky car facts, photographs of the slickest, fastest cars on the planet (and a few old bangers), plus plenty of Clarkson, Hammond and May trivia.
