How to Turn Down a Billion Dollars Billy Gallagher, 2018-02-13 In the grand tradition of Ben Mezrich's *The Accidental Billionaires* (2009)... an engaging look into a fascinating subculture of millions. —Booklist Breezy... *How to Turn Down a Billion Dollars* ably if uncritically chronicles the short history of a young company catering to young users, with a young chief executive, and reveals, intentionally or not, the limitations that come with that combination. —Wall Street Journal The improbable and exhilarating story of the rise of Snapchat from a frat boy fantasy to a multi-billion dollar internet unicorn that has dramatically changed the way we communicate. In 2013 Evan Spiegel, the brash CEO of the social network Snapchat, and his co-founder Bobby Murphy stunned the press when they walked away from a three-billion-dollar offer from Facebook: how could an app teenagers use to text dirty photos dream of a higher valuation? Was this hubris, or genius? In *How to Turn Down a Billion Dollars*, tech journalist Billy Gallagher takes us inside the rise of one of Silicon Valley's hottest start-ups. Snapchat developed from a simple wish for disappearing pictures as Stanford junior Reggie Brown nursed regrets about photos he had sent. After an epic feud between best friends, Brown lost his stake in the company, while Spiegel has gone on to make a name for himself as a visionary—if ruthless—CEO worth billions, linked to celebrities like Taylor Swift and his wife, Miranda Kerr. A fellow Stanford undergrad and fraternity brother of the company's founding trio, Gallagher has covered Snapchat from the start. He brings unique access to a company Bloomberg Business called “a cipher in the Silicon Valley technology community.” Gallagher offers insight into challenges Snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies. In the tradition of great business narratives, *How to Turn Down a Billion Dollars* offers the definitive account of a company whose goal is no less than to remake the future of entertainment.

Entertaining Entrepreneurs Daniel Horowitz,2020-09-29 The Great Recession threatened the well-being of tens of millions of Americans, dramatically weakened the working class, hollowed out the middle class, and strengthened the position of the very wealthy. Against this backdrop, the hit reality show Shark Tank premiered in 2009. Featuring ambitious entrepreneurs chasing support from celebrity investors, the show offered a version of the American Dream that still seemed possible to many, where a bright idea and a well-honed pitch could lift a bootstrap business to new heights of success. More than a decade later, Shark Tank still airs regularly on multiple networks, and its formula has sparked imitators everywhere, from elite universities to elementary school classrooms. In *Entertaining Entrepreneurs*, Daniel Horowitz shows how Shark Tank's version of entrepreneurship disguises and distorts the opportunities and traps of capitalism. Digging into today's cult of the entrepreneur, Horowitz charts its rise from the rubble of economic crisis and its spread as a mainstay of American culture, and he explores its flawed view of what it really takes to succeed in business. Horowitz offers more than a look at one television phenomenon. He is the perfect guide to the portrayal of entrepreneurship in business school courses, pitch

competitions, popular how-to books, and scholarly works, as well as the views of real-world venture capitalists.

Billion Dollar Whale Bradley Hope, Tom Wright, 2018-09-18 Named a Best Book of 2018 by the Financial Times and Fortune, this thrilling (Bill Gates) New York Times bestseller exposes how a modern Gatsby swindled over \$5 billion with the aid of Goldman Sachs in the heist of the century (Axios). Now a #1 international bestseller, *Billion Dollar Whale* is an epic tale of white-collar crime on a global scale (Publishers Weekly), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude—one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund—right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like *The Wolf of Wall Street*. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. *Billion Dollar Whale* has joined the ranks of *Liar's Poker*, *Den of Thieves*, and *Bad Blood* as a classic harrowing parable of hubris and greed in the financial world.
