Secrets of the Baby Whisperer Tracy Hogg, Melinda Blau, 2001-06-01 "TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT-the ability to develop early insight into their child's temperament." -Los Angeles Family When Tracy Hogg's *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became

“whisperers” to their newborns, amazed that they could actually communicate with their baby within weeks of their child’s birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby’s every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby’s life—because a happy baby sleeps through the night. Now you too can benefit from Tracy’s more than twenty years’ experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn: • E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household’s life easier and happier. • S.L.O.W.—how to interpret what your baby is trying to tell you (so you don’t try to feed him when he really wants a nap). • How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type. • Tracy’s Three Day Magic—how to change any and all bad habits (yours and the baby’s) in just three days. At the heart of Tracy’s simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.

**Surprised by Motherhood** Lisa-Jo Baker, 2014 A lawyer with a well-stamped passport and a passion for human rights, Lisa-Jo Baker never wanted to be a mom. And then she had kids. Having lost her own mother to cancer as a teenager, Lisa-Jo felt lost on her journey to womanhood and wholly unprepared to raise children. Surprised by Motherhood is Lisa-Jo's story of becoming and being a mom, and in the process, discovering that all the what to expect and how to books in the world can never truly prepare you for the sheer exhilaration, joy, and terrifying love that accompanies motherhood. Set partly in South Africa and partly in the US (with a slight detour to Ukraine along the way), Surprised by Motherhood is a poignant memoir of one woman's dawning realization that being a mom isn't about being perfect--it's about being present.

**Picture-Book Professors** Melissa M. Terras, 2018-10-04 How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children. Professors are overwhelmingly white and male, tending to be elderly scientists who fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. The Element is also available, with additional material, as Open Access.
