

Loneliness On The Net

Cheryl Rickman

Loneliness on the Net Janusz Leon Wiśniewski, 2007

Loneliness Robert Weiss, 1975-04-15 Loneliness is among the most common distresses. In one survey, a quarter of Americans interviewed said that they had suffered from loneliness within the past few weeks. Yet for a condition so pervasive, loneliness has received little professional attention. *Loneliness: The Experience of Emotional and Social Isolation* brings together papers which attempt to capture the phenomena of loneliness with case materials that illuminate the descriptive and theoretical accounts. It is organized into seven sections, covering: explanations for the neglect of loneliness, and an attempt to describe the condition; mechanisms underlying some forms of loneliness; a discussion of situations in which loneliness is commonly found; loneliness among those suffering the loss of a loved one; the loneliness of social isolation; resources available to the lonely; and, finally, a look at issues yet to be dealt with and some suggestions for the management of loneliness. This book is a useful resource for social scientists, clinicians, and individuals who now or in the future may suffer from loneliness.

The Social Network and Attachment Bases of Loneliness David M. Ouellette, 2005

Loneliness as a Way of Life Thomas Dumm, 2010-05-01 "What does it mean to be lonely?" Thomas Dumm asks. His inquiry, documented in this book, takes us beyond social circumstances and into the deeper forces that shape our very existence as modern individuals. The modern individual, Dumm suggests, is fundamentally a lonely self. Through reflections on philosophy, political theory, literature, and tragic drama, he proceeds to illuminate a hidden dimension of the human condition. His book shows how loneliness shapes the contemporary division between public and private, our inability to live with each other honestly and in comity, the estranged forms that our intimate relationships assume, and the weakness of our common bonds. A reading of the relationship between Cordelia and her father in Shakespeare's *King Lear* points to the most basic dynamic of modern loneliness—how it is a response to the problem of the "missing mother." Dumm goes on to explore the most important dimensions of lonely experience—Being, Having, Loving, and Grieving. As the book unfolds, he juxtaposes new interpretations of iconic cultural texts—*Moby-Dick*, *Death of a Salesman*, the film *Paris, Texas*, Emerson's "Experience," to name a few—with his own experiences of loneliness, as a son, as a father, and as a grieving husband and widower. Written with deceptive simplicity, *Loneliness as a Way of Life* is something rare—an intellectual study that is passionately personal. It

challenges us, not to overcome our loneliness, but to learn how to re-inhabit it in a better way. To fail to do so, this book reveals, will only intensify the power that it holds over us.

Emotions and Loneliness in a Networked Society Bianca Fox, 2019-11-08 Loneliness affects quality of life, life satisfaction, and well-being, and it is associated with various health problems, both somatic and mental. This book takes an international and interdisciplinary approach to the study of loneliness, identifying and bridging the gaps in academic research on loneliness, and creating new research pathways. Focusing in particular on loneliness in the context of new and emergent communication technologies, it provides a wide range of theoretical and methodological perspectives and will contribute to the re-evaluation of the way we understand and research this contemporary global phenomenon.

The Well of Loneliness Radclyffe Hall, 2015-04-24 This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Loneliness and Social Network Interaction During Young Adulthood Valinda A. Bolton, 1986

Seek You Kristen Radtke, 2021-07-13 From the acclaimed author of *Imagine Wanting Only This*—a timely and moving meditation on isolation and longing, both as individuals and as a society There is a silent epidemic in America: loneliness. Shameful to talk about and often misunderstood, loneliness is everywhere, from the most major of metropolises to the smallest of towns. In *Seek You*, Kristen Radtke's wide-ranging exploration of our inner lives and public selves, Radtke digs into the ways in which we attempt to feel closer to one another, and the distance that remains. Through the lenses of gender and violence, technology and art, Radtke ushers us through a history of loneliness and longing, and shares what feels impossible to share. Ranging from the invention of the laugh-track to the rise of Instagram, the bootstrap-pulling cowboy to the brutal experiments of Harry Harlow, Radtke investigates why we engage with each other, and what we risk when we turn away. With her distinctive, emotionally-charged drawings and deeply empathetic prose, Kristen Radtke masterfully shines a light on some of our most vulnerable and sublime moments, and asks how we might keep the spaces between us from splitting entirely.

Help! I'm So Lonely Deborah Howard, 2016-12-30 A small book helping people who are experiencing loneliness, as well as those who care for them. Loneliness is a universal condition. It touches people of any race, religion, gender, nationality,

age, social standing, or financial status. If we live long enough, all of us will experience it at some point. Christians are certainly not exempt. However, we are not left to find our way in the fog. Instead, the Bible has a surprising number of passages dealing with loneliness. This mini-book directs you to the comfort that is found in God's Word and the strength and hope that his grace provides.

The Correlates of Loneliness Ami Rokach, 2016-06-27 Loneliness has been described by modern psychologists as a 21st century epidemic, as it has been the subject of numerous news headlines in many regions. While many elderly people are affected by loneliness, the phenomenon has been increasingly observed by sociologists in younger individuals as well, including adolescents and university students. The correlates of loneliness is a collection of articles written by leading experts in the fields of psychology, sociology, social work and education, which examine how loneliness affects the various aspects of human lives, such as mental health, relationships, growing up, educational experiences, and the ability to be and remain an integral part of society. The book explains the concept of loneliness in psychological theory and presents a few studies on loneliness among different populations (including a case study on Finnish people). Written in a clear and systematic manner, The correlates of loneliness is the definitive beginners reference on the topic of loneliness for academicians, sociologists, psychiatrists and general readers.

If You, Then Me Yvonne Woon, 2021-07-06 A warm and funny teen coming of age story set in Silicon Valley from Asian American author Yvonne Woon about the questions we all ask when making mistakes in life and in love, perfect for fans of Emergency Contact and When Dimple Met Rishi. What would you ask your future self? First question: What does it feel like to kiss someone? Xia is stuck in a lonely, boring loop. Her only escapes are Wiser, an artificial intelligence app she designed to answer questions as her future self, and a mysterious online crush she knows only as ObjectPermanence. Until one day Xia enrolls at the Foundry, an app incubator for tech prodigies in Silicon Valley, and suddenly anything is possible. Flirting with Mast, a classmate also working on AI, leads to a date. Speaking up generates a vindictive nemesis intent on publicly humiliating her. And running into Mitzy Erst, Foundry alumna and Xia's idol, could give Xia all the answers. And then Xia receives a shocking message from ObjectPermanence. He is at the Foundry, too. Xia is torn between Mast and ObjectPermanence—just as Mitzy pushes her towards a shiny new future. Xia doesn't have to ask Wiser to know: The right choice could transform her into the future self of her dreams, but the wrong one could destroy her.

Loneliness Updated Ami Rokach, 2013-10-18 To be alone is to be different. To be different is to be alone, and to be in the interior of this fatal circle is to be lonely. To be lonely is to have failed (Susan Schultz, 1976) Loneliness carries a significant social stigma, as lack of friendship and social ties is socially undesirable, and social perceptions of lonely people are generally unfavourable. Lonely people often have very negative self-perceptions, believing that the inability to establish social ties is due to personal inadequacies or socially undesirable attributes. This book is divided into three parts. The first part reviews

loneliness in general, describing what it is and how it affects us. The second part examines loneliness throughout the life cycle, analysing how it affects us in childhood, adulthood and as we age. The final part explores the connection between loneliness and other conditions such as arthritis, eating disorders and depression. Loneliness Updated offers the latest research on how loneliness can affect us in our daily lives, and how it is expressed as we travel through life from childhood to old age. It will be a highly interesting read for scholars, students and researchers of clinical psychology, particularly those interested in further exploring the effects and consequences of loneliness. This book was originally published as a special issue of The Journal of Psychology.

The Psychological Journey To and From Loneliness Ami Rokach, 2019-04-06 There are three universal experiences that we cannot escape: loneliness, illness, and death. The Psychological Journey To and From Loneliness addresses what was termed the plague of the 21st century--loneliness. Loneliness is stigmatized in our society, so untold number of people walk around lonely, unable to do what is so naturally called for--make their suffering known, and approach others for company and support. Thankfully, loneliness is slowly, but steadily, coming out of the closet. This book will highlight not only the experience and what can be done about it, but also the experiences that influence it (i.e., our childhood, cultural and religious influences, and our way of life) as well as the effects that loneliness has on various population groups and how it is experienced at different times in our lives. This volume reviews theoretical approaches to the study of loneliness: the (positive) functions that loneliness may serve in our lives; the stages in life when loneliness is quite visible and its effects on us; the life experiences that may strengthen the feeling that one is all alone and forgotten; life experiences that we do not commonly connect to loneliness but it is clearly present in them (e.g., pregnancy and childbirth); and the approaches that are available to copy with its pain and limit its negative effects on us. The book closes with a review of how psychotherapy can assist those who need encouragement and support in their struggle with loneliness. The book is particularly suitable for academics, researchers, and clinicians who aim to help clients identify, address, and cope with loneliness. - Presents the latest research on the development, causes and effects of loneliness - Studies loneliness in childhood, adolescence, and middle and old age - Outlines what can be done to limit the negative effects of loneliness on an individual - Looks at how childhood, cultural, religious and other influences affect loneliness

The Loneliness Cure Kory Floyd, 2015-05 A guide intended to help readers become less lonely--

Navigating Loneliness Cheryl Rickman, 2021-05-27 We are experiencing a loneliness epidemic, but we needn't remain lonely. Through actionable strategies, you will discover how to support and maintain existing relationships, foster new connections and learn how to shift your perspective about community and belonging. Connect with yourself This book is a unique compass, guiding you gently through uncertain times.

The Loneliness Cure Kory Floyd, 2015-04-03 Rediscover the benefits of a real-life social network! Although today's technology allows you to communicate with people all over the globe, it can also leave you feeling disconnected and unhappy in the real world. The Loneliness Cure helps you rediscover the power of socializing in person and finally find the affection you've been longing for. Written by communication expert Kory Floyd, PhD, this valuable guide details the causes of affection hunger, helps you assess your needs, and offers six compelling strategies for attracting more intimacy into your relationships and everyday life. This guidebook details the causes of affection hunger, helps you assess your needs, and shows you how to build genuine connections to those around you. Whether you're looking to get the undivided attention of a friend, reconnect physically with a romantic partner, or grow closer to your family, this book provides you with the tools you need to lead a healthier, happier, and more affectionate life.

Say What Loneliness? Chaunda Gaines, 2008-07 Loneliness is a universal thing that affects us all. It can happen when we least expect or when we isolate ourselves from others. Having experienced loneliness, author Chaunda Gaines reveals her thoughts and suggestions that can help you with the release of her new book Say What Loneliness? This book is an inspirational guide written to help you find out where loneliness fits into your life. It can inspire you to determine if you can make your life better than what it is or even find new directions whenever you feel lost, lonely and clueless. If you know someone feeling really lonely, buy this book for them. Start making a difference with this engaging book today!

Alone in America Louise Bernikow, 1986 From Silicon Valley to Houston to the steel mills of Pennsylvania, from Manhattan's offices to Miami's retirement communities, Bernikow explored the manifestations of the loneliness disease in the lives of corporate executives, single people looking for mates, gay people, senior citizens and families that only seem to be together. In this provocative report on one of our most hidden and pressing problems, we see suffering, but we also see hope as some people learn, with each other's help, to build oases in what many describe as a desert of loneliness. (taken from book jacket)

Social Isolation and Loneliness in Older Adults National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Health and Medicine Division, Board on Behavioral, Cognitive, and Sensory Sciences, Board on Health Sciences Policy, Committee on the Health and Medical Dimensions of Social Isolation and Loneliness in Older Adults, 2020-05-14 Social isolation and loneliness are serious yet underappreciated public health risks that affect a significant portion of the older adult population. Approximately one-quarter of community-dwelling Americans aged 65 and older are considered to be socially isolated, and a significant proportion of adults in the United States report feeling lonely. People who are 50 years of age or older are more likely to experience many of the risk factors that can cause or exacerbate social isolation or loneliness, such as living alone, the loss of family or friends, chronic illness, and sensory

impairments. Over a life course, social isolation and loneliness may be episodic or chronic, depending upon an individual's circumstances and perceptions. A substantial body of evidence demonstrates that social isolation presents a major risk for premature mortality, comparable to other risk factors such as high blood pressure, smoking, or obesity. As older adults are particularly high-volume and high-frequency users of the health care system, there is an opportunity for health care professionals to identify, prevent, and mitigate the adverse health impacts of social isolation and loneliness in older adults. Social Isolation and Loneliness in Older Adults summarizes the evidence base and explores how social isolation and loneliness affect health and quality of life in adults aged 50 and older, particularly among low income, underserved, and vulnerable populations. This report makes recommendations specifically for clinical settings of health care to identify those who suffer the resultant negative health impacts of social isolation and loneliness and target interventions to improve their social conditions. Social Isolation and Loneliness in Older Adults considers clinical tools and methodologies, better education and training for the health care workforce, and dissemination and implementation that will be important for translating research into practice, especially as the evidence base for effective interventions continues to flourish.

Preventing the Harmful Consequences of Severe and Persistent Loneliness Letitia Anne Peplau, Stephen E. Goldston, 1984

Loneliness On The Net Introduction

In today's digital age, the availability of Loneliness On The Net books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Loneliness On The Net books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Loneliness On The Net

books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Loneliness On The Net versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Loneliness On The Net books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that

the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Loneliness On The Net books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Loneliness On The Net books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain

books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Loneliness On The Net books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding

collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Loneliness On The Net books and manuals for download and embark on your journey of knowledge?

FAQs About Loneliness On The Net Books

1. Where can I buy Loneliness On The Net books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more

expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a Loneliness On The Net book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
