**Jane** Maggie Nelson,2016-09-13 Part elegy, part true crime story, this memoir-in-verse from the author of the award-winning *The Argonauts* expands the notion of how we tell stories and what form those stories take through the story of a murdered woman and the mystery surrounding her last hours. Jane tells the spectral story of the life and death of Maggie Nelson's aunt Jane, who was murdered in 1969 while a first-year law student at the University of Michigan. Though officially unsolved, Jane's murder was apparently the third in a series of seven brutal rape-murders in the area between 1967 and 1969. Nelson was born a few years after Jane's death, and the narrative is suffused with the long shadow her murder cast over both the family and her psyche. Exploring the nature of this haunting incident via a collage of poetry, prose, dream-accounts, and documentary sources, including local and national newspapers, related "true crime" books such as *The Michigan Murders* and *Killer Among Us*, and fragments from Jane's own diaries written when she was 13 and 21, its eight sections cover Jane's childhood and early adulthood, her murder and its investigation, the direct and diffuse effect of her death on Nelson's girlhood and sisterhood, and a trip to Michigan Nelson took with her mother (Jane's sister) to retrace the path of Jane's final hours. Each piece in *Jane* has its own form, and the movement from each piece to the next--along with the white space that surrounds each fragment--serve as important fissures, disrupting the tabloid, "page-turner" quality of the story, and eventually returning the reader to deeper questions about girlhood, empathy, identification, and the essentially unknowable aspects of another's life and death. Equal parts a meditation on violence (serial, sexual violence in particular), and a conversation between the living and the dead, Jane's powerful and disturbing subject matter, combined with its innovations in genre, shows its readers what poetry is capable of--what kind of stories it can tell, and how it can tell them.

**World Literature, Cosmopolitanism, Globality** Gesine Müller,Mariano Siskind,2019-10-21 From today's vantage point it can be denied that the confidence in the abilities of globalism, mobility, and cosmopolitanism to illuminate cultural signification processes of our time has been severely shaken. In the face of this crisis, a key concept of this globalizing optimism as World Literature has been for the past twenty years necessarily is in the need of a comprehensive revision. *World Literature, Cosmopolitanism, Globality: Beyond, Against, Post, Otherwise* offers a wide range of contributions approaching the blind spots of the globally oriented Humanities for phenomena that in one way or another have gone beyond

the discourses, aesthetics, and political positions of liberal cosmopolitanism and neoliberal globalization. Departing basically (but not exclusively) from different examples of Latin American literatures and cultures in globalized contexts, this volume provides innovative insights into critical readings of World Literature and its related conceptualizations. A timely book that embraces highly innovative perspectives, it will be a mustread for all scholars involved in the field of the global dimensions of literature.

**Mundos en palabras** Ángeles Carreres, María Noriega-Sánchez, Carme Calduch, 2018-01-12 *Mundos en palabras* offers advanced students of Spanish a challenging yet practical course in translation from English into Spanish. The course provides students with a well-structured, step-by-step guide to Spanish translation which will enhance and refine their language skills while introducing them to some of the key concepts and debates in translation theory and practice. Each chapter presents a rich variety of practical tasks, supported by concise, focused discussion of key points relating to a particular translation issue or text type. Shorter targeted activities are combined with lengthier translation practice. Throughout the book, learners will find a wealth of material from a range of genres and text types, including literary, expository, persuasive and audiovisual texts. An answer key to activities, as well as supplementary material and Teachers' Notes are provided in the companion website. The book covers common areas of difficulty including: frequent grammatical errors calques and loan words denotation and connotation idioms linguistic varieties cultural references style and register Suitable both for classroom use and self-study, *Mundos en palabras* is ideal for advanced undergraduate students of Spanish, and for any advanced learners wishing to acquire translation competence while enhancing their linguistic skills.

**Have a Nice Day** Dubravka Ugrešić, 1995 From Croatia's finest living writer comes a lament for her anguished homeland and a critique of American culture. In the form of a fictional dictionary, Ugresic writes about our culture through the eyes of one whose country is being destroyed, forcing us to look at Balkan barbarism through our veil of Western obsessions.

**Transvestism, Masculinity, and Latin American Literature** B. Sifuentes-Jáuregui, 2002-02-22 This book is about transvestism and the performance of gender in Latin American literature and culture. Ben. Sifuentes-Jáuregui explores the figure of the transvestite and his/her relation to the body through a series of canonical Latin American texts. By analyzing works by Alejo Carpentier, José Donoso, Severo Sarduy and Manuel Puig (author of *Kiss of the Spiderwoman*), alongside critical works in gender studies and queer theory, Sifuentes-Jáuregui shows how transvestism operates not only to destabilize, but often to affirm sexual, gender, national and political identities.

[The Book of Daniel](#) E.L. Doctorow, 2010-11-10 The central figure of this novel is a young man whose parents were executed for conspiring to steal atomic secrets for Russia. His name is Daniel Isaacson, and as the story opens, his parents have been dead for many years. He has had a long time to adjust to their deaths. He has not adjusted. Out of the shambles of his childhood, he has constructed a new life—marriage to an adoring girl who gives him a son of his own, and a career in

scholarship. It is a life that enrages him. In the silence of the library at Columbia University, where he is supposedly writing a Ph.D. dissertation, Daniel composes something quite different. It is a confession of his most intimate relationships—with his wife, his foster parents, and his kid sister Susan, whose own radicalism so reproaches him. It is a book of memories: riding a bus with his parents to the ill-fated Paul Robeson concert in Peekskill; watching the FBI take his father away; appearing with Susan at rallies protesting their parents' innocence; visiting his mother and father in the Death House. It is a book of investigation: transcribing Daniel's interviews with people who knew his parents, or who knew about them; and logging his strange researches and discoveries in the library stacks. It is a book of judgments of everyone involved in the case—lawyers, police, informers, friends, and the Isaacson family itself. It is a book rich in characters, from elderly grand- mothers of immigrant culture, to covert radicals of the McCarthy era, to hippie marchers on the Pen-tagon. It is a book that spans the quarter-century of American life since World War II. It is a book about the nature of Left politics in this country—its sacrificial rites, its peculiar cruelties, its humility, its bitterness. It is a book about some of the beautiful and terrible feelings of childhood. It is about the nature of guilt and innocence, and about the relations of people to nations. It is *The Book of Daniel*.

'Los Invisibles' Richard Cleminson, Francisco Vázquez García, 2007 Examining the social, medical and cultural history of male homosexuality in Spain, this book looks at it from the time homosexuality came to be an issue of medical, legal and cultural concern. Research into homosexuality in Spain is in its infancy. The last ten or fifteen years have seen a proliferation of studies on gender in Spain but much of this work has concentrated on women's history, literature and femininity. In contrast to existing research which concentrates on literature and literary figures, *Los Invisibles* focuses on the change in cultural representation of same-sex activity of through medicalisation, social and political anxieties about race and the late emergence of homosexual sub-cultures in the last quarter of the twentieth century. As such, this book constitutes an analysis of discourses and ideas from a social history and medical history position. Much of the research for the book was supported by a grant from the Wellcome Trust to research the medicalisation of homosexuality in Spain.

**Handbook of Spanish-English Translation** Lucía V. Aranda, 2007 The *Handbook of Spanish-English Translation* is a lively and accessible book for students interested in translation studies and Spanish. This book details the growth of translation studies from Cicero to postcolonial interpretations of translation as rewriting. It examines through examples the main issues involved in translation and interpretation, such as text types, register, interference, equivalence and untranslatability. The chapters on interpretation and audiovisual translation and the comparative analysis of Spanish and English are especially significant. The second part of the book offers a rich compilation of diverse Spanish and English texts (academic, literary, and government writings, comic strips, brochures, movie scripts and newspapers) and their published translations, each with a brief introduction by Professor Aranda.

**The Animal Days** Keila Vall de la Ville, 2021-07-30 A woman's story of movement as a both a lifestyle and a rite of passage, *The Animal Days* follows Julia's journey of love and rock-climbing across three continents. In this fast-paced novel, joy is linked to self-destruction, love is inseparable from death, freedom is twinned with unbearable solitude, and life is worth only as much as a given moment. The taste for risk and vertigo never stop: they feed each other as the abyss approaches. Julia, determined to never look back, lives perpetually on the brink, even if it means shedding her own skin in the process.

The Picture Of Dorain Gray ,

*Age of discrepancies* Olivier Debrouse, 2006 The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, and modes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista uprising in the State of Chiapas. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedia, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarrealists and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. The exhibition is curated by Olivier Debrouse, Pilar García de Germenos, Cuauhtémoc Medina, Álvaro Vázquez Mantecón--Provided by vendor.

**Teresa Margolles and the Aesthetics of Death** Julia Banwell, 2015-06-15 An extensive, in-depth study that takes in works from throughout the artist's career. The book will be useful for scholars of Margolles and of art history more generally. Margolles' work is situated within the contexts of the aesthetics and philosophy of death and their application to looking at art from inside and outside Mexico.

**Animals at the End of the World** Gloria Susana Esquivel, 2020-03-17 *Animals at the End of the World* begins with an explosion, which six-year-old Inés mistakes for the end of the world that she has long feared. In the midst of the chaos, she meets the maid's granddaughter, Mariá, who becomes her best friend and with whom she navigates the adult world in her grandparents' confined house. Together, they escape the house and confront the "animals" that populate Bogotá in the 1980s. But Inés soon realizes she cannot count on either Mariá or her preoccupied and conflicted parents. Alone, she must

learn to decipher her outer and inner worlds, confronting both armies of beasts and episodes of domestic chaos. In the process, she also learns what it means to test boundaries, break rules, and cope with the consequences. The first novel by Colombian author Gloria Susana Esquivel, *Animals at the End of the World* is a poetic and moving coming-of-age story that lingers long after its final page.

**Coatlicue Eats the Apple** Melissa Castillo-Garsow,2016-06-14 *Coatlicue Eats The Apple* brings a fresh and unique perspective to American Poetry. It's Mexico in the Big Apple - New York City with the sights, sounds, and smells of the streets and a diversity of characters not fully explored before. It's an alternative Chicana perspective that's hip, street, and traveled. From Mexico and back, from Yale to El Barrio, these poems narrate the varied experiences of the city's fastest growing Latino population.

**Practice Makes Perfect: Spanish Vocabulary** Dorothy Richmond,2007-05-21 Building on the success of her prior book, *Practice Makes Perfect: Spanish Verb Tenses*, author Dorothy Devney Richmond helps learners attain a strong working vocabulary, no matter if they are absolute beginners or intermediate students of the language. She combines her proven instruction techniques and clear explanations with a plethora of engaging exercises, so students are motivated and hardly notice that they are absorbing so much Spanish. *Practice Makes Perfect: Spanish Vocabulary* also includes basic grammar and structures of the language to complement learners' newly acquired words. *Vocabulary Builders* help students add to their Spanish repertoire by using cognates, roots, suffixes, prefixes, and other word-building tools.

*iManteca!* Melissa Castillo-Garsow,Melissa Castillo Planas,2017 We defy translation, Sandra María Esteves writes. Nameless/we are a whole culture/once removed. She is half Dominican, half Puerto Rican, with indigenous and African blood, born in the Bronx. Like so many of the contributors, she is a blend of cultures, histories and languages. Containing the work of more than 40 poets--equally divided between men and women--who self-identify as Afro-Latino, *iManteca!* is the first poetry anthology to highlight writings by Latinos of African descent. The themes covered are as diverse as the authors

themselves. Many pieces rail against a system that institutionalizes poverty and racism. Others remember parents and grandparents who immigrated to the United States in search of a better life, only to learn that the American Dream is a nightmare for someone with dark skin and nappy hair. But in spite of the darkness, faith remains. Anthony Morales' grandmother, like so many others, was hardwired to hold on to hope. There are love poems to family and lovers. And music--salsa, merengue, jazz--permeates this collection. Editor and scholar Melissa Castillo-Garsow writes in her introduction that the experiences and poetic expression of Afro-Latinidad were so diverse that she could not begin to categorize it. Some write in English, others in Spanish. They are Puerto Rican, Dominican and almost every combination conceivable, including Afro-Mexican. Containing the work of well-known writers such as Pedro Pietri, Miguel Piñero and E. Ethelbert Miller, less well-known ones are ready to be discovered in these pages.

*Cultural Expression and Grassroots Development* Charles David Kleymeyer, 1994 Presents an innovative, culture-based approach to grassroots development in Latin America and the Caribbean.

Centenario Museo Nacional de Bellas Artes (Chile), Patricio Muñoz Zárata, Milan Ivelić, 2009 On the occasion of the celebrations of the bicentennial anniversary of Chile, and the centennial anniversary of the National Museum of Fine Arts, constructed in 1910 as part of the festivities of the Independence centennial, the MNBA planned a series of exhibitions under the title of Centenario. This beautifully edited recompilation volume comprises the history of the museum MNBA with a descriptive and illustrated catalogue of the 250 most important pieces of its patrimonial collection exhibited in the 7 modules that comprised the program Centenario. Milan Ivelic, director of the MNBA explains: The objective of this publication is to articulate and organize the symbolic imaginaries that are part of the holdings of the Collection of Chilean Art of the MNBA. What this publication is proposing is the organization in a transversal way of the art pieces selected, without following a linear chronology, thus constructing, in a certain way, a new museographic script. The art pieces have been divided into 7 modules based on a broad criteria that respond to their approximation in languages, topic similarities and shared strategic processes for their elaboration, conceptualizing theory and analysis of the artistic practices, without omitting their own historical context--P.20. The contents of the catalogue follow the 7 main topic modules of the exhibitions. Major referential work illustrated with full-page color plates.
